

Milin Vaniyawala

Full-Stack Developer

Toronto, ON, M9W 5H6 | +1 437-766-5524 | milinvaniyawala@gmail.com | [Linked In](#) | [Github](#)

Objective

With three years of experience in web development, I bring expertise in both front-end and back-end technologies, encompassing HTML, CSS, JavaScript, Bootstrap, jQuery, WordPress, PHP, and Python (with Flask). Recently, I've expanded my skill set by delving into React for front-end development and explored backend frameworks like Laravel. Driven by passion for crafting innovative online solutions, I am actively pursuing a full-stack development role to lend my talents to engaging projects and continually refine my proficiency in both front-end and back-end technologies.

Summary of Qualifications

- Experienced web developer with three years of comprehensive front-end and back-end development skills.
- I am proficient in technologies such as WordPress, PHP, jQuery, HTML, CSS, JavaScript, Bootstrap, and Python (with Flask). I have also adapted to innovative technologies like Laravel and React.
- I possess a proven ability to craft visually appealing, user-focused websites with a keen eye for design. Furthermore, I hold a strong understanding of cross-browser compatibility and responsive design principles.
- Strong problem-solving skills and commitment to delivering high-quality solutions within specified timelines and within budget constraints.
- Seeking a challenging full-stack development role to leverage my skills and drive creativity in web development.
